Questions from Bidders

The following questions were asked via e-mail. The questions (shown in *italics*) and answers (shown in **bold**), as presented, are hereby made part of the Contract Documents.

1. *Since the Bid Drawings file is so large, is it possible to get each individual plan? Or maybe get the PDF plan set "Unlocked" so we can split the document into smaller file sizes?*

The plans may be printed and scanned as necessary. The PDF Bid Drawings and the Project Manual is "Unlocked" and posted to the Bidders Site as part of this Addendum.

2. *Is there an "engineer's budget estimate" available for this project?*

The Engineer's bid estimate range is between \$3,000,000 and \$4,000,000.

3. *Will you periodically provide updates to all questions and answers to all the bidders?*

Yes, questions posed by Bidders and answers will be posted in Addenda on the Bid Site periodically.
